SUMMARY

A developer who has focused on the front end for more than 1 year. Experienced and familiar with programming languages such as JavaScript, React and HTML. I have developed M Squad Bravo websites and have created, developed, and launched M Squad Bravo, JPO dan Dashboard GSD applications, . I possess problem-solving skills, critical thinking, and effective communication while working. I am highly enthusiastic about learning new technologies and always ready to take on new challenges. I believe that my experience and skills can contribute positively and effectively.

WORK EXPERIENCES

PT. RASTEK INOVASI DIGITAL   Oct 2024 – Present
Full – Time - FrontEnd Developer

Bina Marga (Jembatan Penyebrangan Orang)

- Developed and maintained Bina Marga (JPO), facilitating its use by farmers across Indonesia to enhance agricultural productivity and data collection.
- Collaborated seamlessly with Back-End Developers, UI/UX Designers, Computer Vision experts, and the Project Manager to innovate and develop new features, integrating cutting-edge Machine Learning technology to improve functionality.
- Conducted thorough code evaluations and optimizations, achieving a significant 25% improvement in application performance, enhancing user experience and operational efficiency.
- Performed manual quality assurance to ensure the application runs smoothly and is free of major bugs, guaranteeing a seamless user experience.

M Squad Bravo (Telkom)

- Developed and maintained M Squad Bravo, facilitating its use by farmers across Indonesia to enhance agricultural productivity and data collection.
- Collaborated seamlessly with Back-End Developers, UI/UX Designers and the Project Manager to innovate and develop new features, integrating cutting-edge to improve functionality.
- Conducted thorough code evaluations and optimizations, achieving a significant 20% improvement in application performance, enhancing user experience and operational efficiency.
  Performed manual quality assurance to ensure the application runs smoothly and is free of major bugs, guaranteeing a seamless user experience.

Dashboard GSD (Graha Sarana Duta) (Telkom)

- Developed and maintained M Squad Bravo, facilitating its use by farmers across Indonesia to enhance agricultural productivity and data collection.
- Collaborated seamlessly with Back-End Developers, UI/UX Designers and the Project Manager to innovate and develop new features, integrating cutting-edge to improve functionality.
- Conducted thorough code evaluations and optimizations, achieving a significant 20% improvement in application performance, enhancing user experience and operational efficiency.
  Performed manual quality assurance to ensure the application runs smoothly and is free of major bugs, guaranteeing a seamless user experience.

EDUCATION

UNIVERSITAS KOMPUTER INDONESIA Bandung

Bachelor of Computer Science 2016 – 2022

- Major in Informatics Engineering, 2.48 / 4.00

TECHNICAL SKILLS

- Programming Languages: PHP, Javascript, CSS, HTML
- Javascript (React Js), CSS (Tailwind, Bootstrap)
- Database: MySql,
- Developer Tools: Gitlab, GitHub, Postman
- Languages : Bahasa Indonesia (native), English (intermediate)
- Other Relevant Skills: Responsive Slicing UI, REST API, Debugging, Figma, Atomic Design, Teamwork.

CERTIFICATIONS

- Badan Nasional Sertifikasi Profesi Junior Web Developer (BNSP)
- CCNAv7: Introduction to Networks (CISCO)
